What Is the Complete Streets Project?

PB is working on a project to make our community more safe, comfortable, and fun for everyone, especially those who walk, bike, and take buses. In Pacoima, families work hard but don't have a lot of money, and one of every three adults walk, bike or take buses – so it's important that people be able to get to parks easily so they have the opportunity to relax, exercise, have fun!

Join us and become a PB member! Help us change our community by learning, participating in fun events and trainings, and making your voice heard! Call us! 818—899—2454
