

Associate Membership Form

Green LA's members and partners come from environmental, environmental justice and community-based organizations. Green LA Coalition members are engaged in five policy campaigns including: Boyle Heights Living Streets Initiative (Calles para la Gente), Greening the Port of Los Angeles, Investing in our Local Water, Red Fields to Green Fields and Alliance for Community Transit-Los Angeles.

Associate Members are not active in a Green LA campaign, but play a crucial role in supporting our mission to build a strong movement to win campaigns to transform Los Angeles into a just and sustainable city.

Composed of over sixty active organizations, Green LA expands the influence of individual groups by joining their efforts with others. Through mutual cooperation, Green LA helps groups become more effective. Formed in the fall of 2005 by local leaders, Green LA embarked on a singular mission to dramatically transform Los Angeles into a national leader in environmental health and equity. Via open, real-time communications with member organizations and over 100 additional allied partners, informing the public about activities and environmental issues, and garnering the support needed to win environmental policies by leveraging relationships inside and out of LA's policy-making realm, Green LA is considered the essential 'go-to' organization for collaboration, information and advocacy on the environment.

We invite your organization to join us in our work. To join, please fill out the form below, so that we can notify you about environmental advocacy and resources and keep you updated on our work.

-
- Yes, we endorse and will participate in advancing Green LA Coalition's mission and goals.*
